# **Resident Stipend and Benefits**

Residents are considered student/employees and as such receive a stipend and benefits, including health insurance, paid vacation, and retirement savings.

The resident stipend is \$32,400, plus benefits. This stipend is determined by the health system and subject to change prior to an official job offer. The stipend will be confirmed when a new resident begins on-boarding with Human Resources.

CPE interns are not employees of Mary Washington Healthcare, and therefore no medical insurance is provided by MWH for the benefit of the intern.

## **Additional Benefits**

Residents and interns may park in the parking garage or in lot "L".

Chaplain interns are provided with a meal card during overnight and weekend on-call shifts.

Required immunizations will be provided free of charge for all residents and interns through Mary Washington Healthcare Health and Wellness Department.
